

**STATE OF ILLINOIS  
ILLINOIS COMMERCE COMMISSION**

Ameren Transmission Company of Illinois	:	
	:	
Petition for a Certificate of Public Convenience and Necessity	:	
pursuant to Section 8-406.1 of the Illinois Public Utilities	:	
Act, and an Order pursuant to Section 8-503 of the Public	:	
Utilities Act to Construct, Operate and Maintain a New High	:	No. 12-0598
High Voltage Electric Service Line and Related Facilities in the	:	
Counties of Adams, Brown, Cass, Champaign, Christian, Clark,	:	
Coles, Edgar, Fulton, Macon, Montgomery, Morgan, Moultrie	:	
Moultrie, Pike, Sangamon, Schuyler, Scott and Shelby, Illinois	:	

**MOULTRIE COUNTY PROPERTY OWNERS'  
MOTION TO TAKE ADMINISTRATIVE NOTICE**

COME NOW the Moultrie County Property Owners ("MCPO") by their attorneys, Lueders, Robertson & Konzen, and pursuant to Rule 200.640 of the Commission's Procedural Rules (83 Ill. Adm. Code 200.640), moves that the Commission take administrative notice of certain Midcontinent Independent System Operator ("MISO") tariff documents and transmission planning documents and NERC contingency standards referenced and identified herein.

1. That MCPO proposes the Commission take administrative notice of:
  - a. MISO Tariff Attachment FF Transmission Expansion Planning Protocols Version 5.0.0 effective July 1, 2012, consisting of 271 pages; (Attachment A to this Motion);
  - b. NERC Reliability Standard TPL-004-2a - System Performance Following Extreme BES Events, consisting of 12 pages. (Attachment B to this Motion); and
  - c. MISO - Transmission Planning Business Practices Manual BPM-020 r8 - Effective date January 17, 2013 Manual No. 020, consisting of 183 pages. (Attachment C to this Motion).

2. MISO witness Jeffrey Webb references MISO Tariff Attachment FF, Transmission Expansion Planning Protocol, Version 5.0.0, effective July 1, 2012 in his Revised Direct Testimony. (MISO Ex. 1.0 at 2, 13 and 16).

3. ATXI Witness Jeffrey Hackman references NERC, Reliability Standard TPL-004-2a - System Performance Following Extreme BES Events, in his Revised Rebuttal Testimony, (ATXI Ex. 12.0 (Rev.) at 9).

4. MISO witness Jeffrey Webb references MISO's Business Practices Manual, Transmission Planning, BPM-020-r6, effective November 15, 2011, in his Revised Direct Testimony (MISO Ex. 1.0 at 13). MCPO seeks to have the Commission take administrative notice of the most current version of the Manual effective January 17, 2013.

5. All of the referenced documents are available on the MISO website: [www.midwestiso.org](http://www.midwestiso.org) and the NERC website: [www.nerc.com](http://www.nerc.com) and are documents generally available to the public.

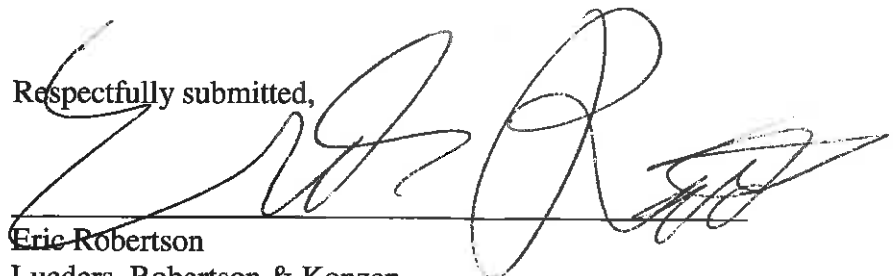

6. MCPO proposes that the Commission take administrative notice of these documents in lieu of full cross-examination of the subject witnesses. Attachment A is 271 pages long, Attachment B is 12 pages long and Attachment C is 183 pages long. Marking these documents cross-examination exhibits and seeking their admission as paper cross-examination exhibits would inconvenience the parties and unduly burden the record.

7. That the Commission's administrative notice of these documents would convenience the parties and expedite this proceeding.

8. That neither ATXI nor MISO have objection to the Commission taking administrative notice of these documents.

WHEREFORE, MCPO respectfully moves that the Commission take administrative notice of Attachments A, B and C hereto.

Respectfully submitted,

Eric Robertson  
Lueders, Robertson & Konzen
